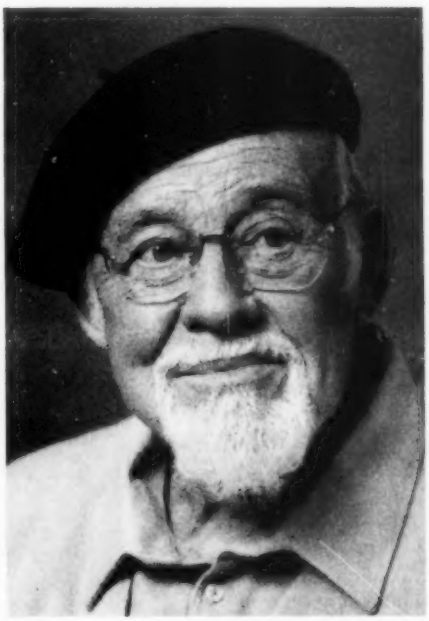
Burl Ives to Sing at the Library In Honor of Young Readers

Burl Ives, one of America's legendary entertainers, will celebrate the Year of the Young Reader in a concert at the Library on Thursday, September 21, at 7:30 p.m. in the Coolidge Auditorium of the Thomas Jefferson Building.



Burl Ives

For his Year of the Young Reader concert at the Library, Mr. Ives will return to his roots as a balladeer, evangelist, and raconteur of songs and memories from around the world. Mr. Ives' performance is free and open to the public. The event is cosponsored by the Center for the Book in the Library of Congress and the U.S. Department of Education, and the hosts will be Librarian of Congress James H. Billington and Secretary of Education Lauro F. Cavazos.

For more than half a century, Burl Ives has delighted concert audiences with his songs and tales of the American past. He is also a recording artist and a star of radio, Broadway, movies, and television. Perhaps his best known stage and screen role was that of the immortal Big Daddy in *Cat on a Hot Tin Roof*. In 1958 he won an Oscar for his supporting role in *The Big Country*.

The Year of the Young Reader is a Library of Congress initiative

Library Publishes Study of Czechoslovakia

The Library of Congress has recently issued *Czechoslovakia: A Country Study*, edited by Ihor Y. Gawdiak.

One of a series of country studies prepared by the Federal Research Division under an agreement with the Department of the Army, the book is an introduction to the Czechoslovak Socialist Republic. The history, society, economy, government, and national security of the country are described and analyzed in five chapters.

The 421-page hard-bound book contains maps, charts, photographs, tables, bibliographies, a glossary, appendices, and an index. Although primarily intended for military and civilian government personnel, the book is suitable for college students and the general public.

To order *Czechoslovakia: A Country Study*, send a check or money order for $23 to the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402 (cite stock number 008–020–01166–5 when ordering).

The *Library of Congress Information Bulletin* is issued weekly by the Information Office of the Library of Congress and distributed free of charge to publicly supported libraries and research institutions, academic libraries, learned societies, and allied organizations in the United States.

Comparable institutions and organizations in other countries may arrange to receive the *Bulletin* on an exchange basis by applying in writing to the Library's Exchange and Gift Division. All other correspondence should be addressed to the LC *Information Bulletin*, Information Office, Library of Congress, Washington, DC 20540.

Bruce Tapper, Editor

Dutch Author Hella Haasse Reads For Library's Archive of World Literature

Hella Haase reads for the Archive of World Literature on Tape.

Hella Haasse, the Netherlands' most prolific and widely read woman author, visited the Library of Congress on June 7.

During her visit, Ms. Haasse recorded for the Library's Archive of World Literature on Tape, reading excerpts in Dutch from her 1949 novel *Het woud der verwachting*, to be published in English translation as *In a Dark Wood Wandering* by Academy Chicago Publishers in October.

She also spoke about her fascination with history, which led her to write this novel about Charles d'Orleans and his time. The book is now in its 17th printing and has sold more than 100,000 copies in Dutch alone. Ms. Haasse's works have been translated into many languages including English, French, German, Hungarian, Serbo-Croatian, Swedish, and Welsh.

Ms. Haasse was accompanied on her visit by her husband, Jan van Lelyveld.

—Margrit B. Krewson

Correction

In the article titled, "Vivienne Bourkoff Named Head of Interlibrary Loan," in the LC *Information Bulletin*, June 26 (p. 226), the following information was inadvertently omitted: Vivienne Bourkoff received her degree in Library Science from the University of Maryland. Before becoming a librarian, she was a resident administrator for the 1,000-family student housing program at the University of California at Berkeley.

Ives *(Cont. from p. 273)*
promoting the love of books and reading among young people. Congress and President Reagan officially designated 1989 as the Year of the Young Reader and First Lady Barbara Bush is honorary chairperson.

Doors to the Coolidge Auditorium will open at 7 p.m. for seating on a first-come first-served basis.

Arnost Lustig Is Focus of Display in European Reading Room

"Arnost Lustig: Czech Writer in Washington" is the theme of a display in the European Reading Room from August 1 through 31. Arnost Lustig, a survivor of the Holocaust, is an award-winning author whose novels and short stories have been translated into 20 languages.

The display features books by Arnost Lustig, including the first Czech edition of his first book, *Noc a nadeje*, and the most recent English translation of one of his works, *Indecent Dreams*. Two documentary pieces are added to the displayed volumes—a sample of Arnost Lustig's manuscript and a little menorah donated to Mr. Lustig by a Prague rabbi as a reminder that "telling the truth is what matters."

The European Reading Room hours are Monday through Friday, 8:30 a.m. to 5 p.m.

Conference Held on Access to Slavic Materials

David H. Kraus, chief, European Division, represented the Library of Congress at the Conference on Access to Slavic Materials in North America, held at the University of Illinois, Urbana, on May 7–9.

The conference was cosponsored by the University of Illinois and the Social Science Research Council, with the purpose of evaluating the accessibility of Slavic materials in North American libraries and examining means of improving this access. The areas examined were backlogs, preservation, and improving knowledge of available materials through retrospective conversion.

The 50 librarians in attendance were addressed by specialists in the three areas under discussion. The attendees continued these discussions in small groups. The findings of the groups were analyzed by the body of participants and conclusions were reached on how to approach a long-range solution to the problems of access to Slavic materials in North America. A report on the findings and conclusions will be submitted to the conference sponsors and the participating libraries.

Music Division Receives Award For Programming

The Metropolitan Area Mass Media (MAMM) Committee of the American Association of University Women (AAUW) presented the Library's Music Division with a Certificate of Award for its work of excellence in the production of the broadcasts of its regular chamber music concerts, heard on Washington, D.C., area radio station WGMS. The presentation was made at the AAUW Educational Center on May 11.

This year's ceremony marked the 35th annual presentation of these awards for excellence in locally produced radio and television programs and print journalism in the greater Washington area. Nominations for the awards are based on continuous monitoring of the media throughout the year, with survey forms submitted by members of all local branches of the AAUW. Final selections are made by the greater Washington MAMM Committee, which is composed of representatives appointed from 21 local AAUW branches.

The Music Division's concert series was one of four radio programs to receive MAMM's Certificate of Award. Anne McLean, producer of the concert series, accepted the certificate on behalf of the division.

Library Publishes Bibliography on Science Policy

The Library of Congress has just published the latest in its Science Tracer Bullet series of bibliographies—*LC Science Tracer Bullet: Science Policy—Foreign and International*, (ISSN 0090-5232, TB 89-1, March 1989).

Compiled by John F. Buydos, this bibliography is a guide to basic reference material in the collections of the Library of Congress on how science policy is formulated as well as its effects on the development of scientific and technical knowledge.

Copies may be obtained free on request from the Science Reference Section, Science and Technology Division, Library of Congress, Washington, DC 20540. Copies have also been provided to the Superintendent of Documents for distribution to depository libraries.

MARC Update

Results of the June 1989 MARBI Meetings

Proposals

Nine USMARC format proposals were considered by the American Library Association's (ALA) RTSD/LITA/RASD Machine-Readable Bibliographic Information Committee (MARBI) at its June 24–27 meetings in Dallas, Texas. The results of the ALA discussion and the subsequent consideration of the proposals by the Library of Congress are summarized below.

Four proposals pertained to the USMARC holdings and locations format. Note that the fourth one also involved a USMARC bibliographic field.

☐ *Proposal 89–8: Additions/Changes to the Holdings Format to Accommodate Non-Serial Holdings Statements.* This proposal called for coordinating the holdings format with the *Proposed American National Standard for Information Sciences—Holdings Statements for Non-Serial Items*, ANSI/NISO Z39.57, which was just approved by ANSI (the American National Stan-

dards Institute). Three of the seven specific items were approved; four were deferred as it was felt that there was a need for modeling of examples illustrating the various alternatives involved.

☐ *Proposal 89–9: Changes to Two Fields in the Holdings Format.* This proposal, which called for defining the 5XX holdings block as "Notes" and changing the tags for fields 843 (Reproduction Note) and 533 (Terms Governing Use and Reproduction) to 533 and 540, respectively, was deferred. It was felt that more discussion is needed.

☐ *Proposal 89–10: Additions/Changes to Holdings Fields 853/854.* This proposal, which suggested some format changes to enumeration/publication pattern fields 853/854 so that the fields could handle serial and non-serial items having only a single level of hierarchy, was rejected.

☐ *Proposal 89–3: Make Bibliographic Field 851 Obsolete; Additions/Changes to Holdings/Bibliographic Field 852.* The making obsolete of field 851 (Location) in favor of recording the information in field 852 (Location/Call Number) (and some additions/changes to field 852 to accommodate the data) was approved.

Five proposals pertained to the USMARC bibliographic format. Three concerned the leader.

☐ *Proposal 89–14: Changes to Leader/06 in the Bibliographic Format.* No vote was taken on this proposal as more work involving the specific codes in Leader/06 (Type of record) is needed. The preference was to maintain the manuscript codes for maps and music and to have a code for manuscript language material. The question of whether code b should be redefined as "Mixed material" or a new value defined for such material needs to be resolved.

☐ *Proposal 89–15: Defining Leader/08 in the Bibliographic Format.* A vote on this proposal was also deferred as more work is needed in defining the specific values for the element, constructing better definitions of the values, etc.

☐ *Proposal 89–13: Addition of Code "2" to Leader/17 in the Bibliographic Format.* Approved was the addition of code "2 - Less-than-full level, material not examined" to Leader/17 so as to enable institutions to identify a less-than-full Recon (retrospective conversion) record that has been created from an extant description of the material (such as a printed catalog card) without inspection of the physical item.

☐ *Proposal 89–12: Make 008/27 for Computer Files Obsolete.* The making obsolete of character position 27 (Type of machine) in the 008 Fixed-Length Data Elements field for computer files was approved.

☐ *Proposal 89–11: Make Subfield ‡e* in Fields 700-710 Repeatable. The changing of subfield ‡e (Relator term) from "not repeatable" to "repeatable" in fields 700–710, and in all other X00 and X10 access fields, was approved.

Discussion Papers

Five discussion papers were considered; three pertained to the USMARC holdings format, one to the USMARC bibliographic format, and one to the USMARC authority format.

☐ *Discussion Paper No. 29: Handling Field 850 Locations Data.* The paper raised the question of where to record locations information if bibliographic field 850 (Holding Institution) is made obsolete. The preference was for option A (define field 850 as a locations field in the holdings format). A proposal pertaining to these issues will be prepared.

☐ *Discussion Paper No. 28: Use of the Holdings Format for Archival Holdings; Use of Subfield 3 in Holdings Fields.* Discussion of this paper revealed that the archival and manuscripts control community is only interested in using field 852 in the holdings format and sees a need for subfield ‡3 (Materials specified) in that field. (Subfield ‡3 was defined in holdings field 852 as part of Proposal 89–3.)

☐ *Discussion Paper No. 30: Embedding Holdings Fields in Bibliographic Records; Subfield ‡6* Inter-field Linking Techniques. The preference was to not do any work at this time on allowing more holdings fields to be embedded in bibliographic records.

☐ *Discussion Paper No. 27: Field 001 Considerations.* The discussion of this paper revealed a preference for both options a and b, that is, for having the NUC (National Union Catalog) symbol present in the 001 Control Number field to identify whose number is present in the field and for having a control field (for example, 003) defined for the recording of the NUC symbol of an agency that is passing the record on to another institution but is not maintaining the record on its database. Another discussion paper will be written to further explore the issues involved.

☐ *Discussion Paper No. 31: Non-Roman Data in Authority Records.* There was concern as to whether a single record (containing both vernacular and non-roman data) or separate records would be the best way to handle non-roman data in authority records. Another discussion paper will be written to address the two alternatives; it will include data modeling of examples of the alternatives.

Documentation

Minutes of the June 1989 MARBI meetings, the revised cover sheets/pages to the proposals and discussion papers just noted, and other related material are available from the Library of Congress Cataloging Distribution Service (CDS), as part of the subscription service.

USMARC Format: Proposed Changes. A one-year subscription to this service consists of four mailings and costs $50. For subscription information, write CDS, Library of Congress, Washington DC 20541; or telephone (202) 707-6100.

STAFF NEWS

Family Day Tickets Now Available!

Tickets for the Library of Congress Family Day are now available for pick-up in the Information Office, Room LM 105.

All Library employees, their families, and friends are invited to attend Family Day, **Saturday, September 16,** 1–5 p.m., on the Madison Plaza. Those planning to attend are asked to stop by the Information Office to sign up and indicate how many persons they will bring to the event—this will enable the coordinating committee to order the correct quantity of refreshments.

Employees should pick up **one ticket per employee.** Only Library employees are eligible for door prizes, and the ticket stubs will serve as entry forms.

The 1989 Family Day Coordinating Committee members are: Marie Anderson, Martez Baker, Norma Baker, Reba Barnes, Ann Bauersfeld, Juanita Betts, Nancy Bush, Kay Eisinger, Linda Gainer, Michele Glymph, Pat Hines, Donna Holgate, Don Jones, Nancy Mitchell, Kim Moden, Olga Padilla, Paul Pajic, Daniel Pernell, Dennis Roth, Sarah Rouse, Jeanne Smith, Peter Vankevich, and Maurvene Williams.

To volunteer to help with Family Day call Kay Eisinger, ext. 76203.

Parking Applications Due by September 15

Integrated Support Services—formerly the Library Support Services Office (LSSO)—is conducting its semiannual review of parking space assignments for employee passenger vehicles and motorcycles. The deadline for receipt of applications is 4:30 p.m., Friday, September 15.

Library staff members who wish to be considered for parking privileges must submit Form 27/55 (rev. 8/86), "Request for Reserved Parking Space," directly to Integrated Support Services, Room LM G03, by the deadline.

Questions regarding the eligibility of a carpool for a parking space should be directed to Delores Clipper, ext. 77512.

Applications received after the deadline will be considered only after the initial assignments have been made and applications on the waiting list have been accommodated. The waiting list is comprised of applications that were received by the deadline but did not meet enough of the criteria to receive a parking space during the initial assignments.

Daniel J. Boorstin Named Frankel Prize Winner

Librarian of Congress Emeritus Daniel J. Boorstin has been named one of the first five winners of the Charles Frankel Prize awarded by the National Endowment for the Humanities.

The prize honors Americans for their efforts to educate the public about history, literature, philosophy, and other branches of the humanities. It is named for the late Charles Frankel, the first president of the National Humanities Center.

Dr. Boorstin was cited for his contributions to the Library and for his books on American history and culture, one of which won the Pulitzer Prize.

The awards will be presented at a ceremony in Washington, D.C., in November.

This past spring, Dr. Boorstin was honored by Wayne State University, Detroit, Mich., and Tulane University, New Orleans, La., both of which presented him with the honorary degree Doctor of Humane Letters.

Nijole Shutterly Retires

Nijole R. Shutterly, head of the European Exchange Section, Exchange and Gift Division, retired on April 30 after 30 years of Federal service.

A native of Lithuania, Mrs. Shutterly began her Library career in 1959 in the Union Catalog Division as a clerk-typist. That same year she was transferred to the East European Accession Index in the Exchange and Gift Division and promoted to editorial assistant. She held successively more responsible positions in the division, culminating in her appointment in 1969 as head of the European Exchange Section.

Mrs. Shutterly received an Incentive Award in 1961, and outstanding performance ratings in 1961 and 1972, in recognition of her "unusual ability, intelligence, industriousness and great personal interest in her work" as well as her "exceptional knowledge of European languages including German, French, Lithuanian, Polish, Czech, and Russian."

Mrs. Shutterly managed the Library's acquisitions by exchange from more than 4,000 institutions in Western, Central, and Eastern Europe including the Soviet Union.

STAFF NEWS

34 Staff Members Honored For Federal Service Of 30 Years or Longer

Thirty-four Library of Congress staff members who have completed 30 or more years of Federal service were honored at a reception held in the Librarian's Office on June 13.

The honorees were presented with medallions by their department heads following a warm welcome and congratulations by Donald Curran, Associate Librarian of Congress.

The following staff members were honored: **45 years:** Samuel Douglas; **40 years:** Ellen Collier, Donald Middleton, Esther Smith, Gregory New, and Robert B. Carneal; **35 years:** Hugh McNeil, Raymond Dockstader, Marie Fleming, David Marshall, Jane Tarulis, John V. Edmunds, and Jacqueline M. Granville; **30 years:** Frederick Harrison, Ralph Adams, Helen Newton, Moses Perry Jr., Howard Cook, Frank L. Sullivan, Jack Taylor, Sung Yoon Cho, Patrick S. Bernard, James R. Dyson, Nathaniel Rushing, Mary G. Hooper, Anatol Surak, Leonard Hodges, Charles V. Dowd, Endla DeMattia, Andrew Reid, Duane D. Starbuck, Alexander Bernson, Odessa Phillips, and Ruby Holmes.

Samuel Douglas (center) is congratulated on his 45 years of Federal service by Rhoda Canter, Associate Librarian for Management, and Donald Curran, Associate Librarian of Congress.

Mr. Curran greets Federal Service Award recipients at the ceremony.

Staff Activities

Thomas E. Smith, head, Circulation Section, Loan Division, and Virginia J. Vitucci, senior systems analyst, Integrated Technologies Services, have co-authored an article published in the March issue of *Information Technology and Libraries* (p. 75–79), "The Circulation Control Facility at the Library of Congress."

Sandra M. Lawson, General Reading Rooms Division, and Sylvia

STAFF NEWS

Cooke Martin, Human Resources Services, have been appointed to the Advisory Board of the Intercultural Resource Center at Gettysburg College, Gettysburg, Pa.

Ms. Lawson and Ms. Martin participated in the training of center staff members, the development of the center library, and the development of the center's five-year plan.
